

CHESTER GUINTO

C.S. Graduate

Career Objective

I'm a recent C.S. graduate looking for an entry level developer position where I can effectively contribute using what I've learned, as well as continue to grow and develop my own skills.

Education

BS in Computer Science

California State University, East Bay - Hayward, CA

GPA: 3.5

Relevant Coursework: Data Structures and Algorithms, OOP, Website Development, Software Engineering, Software Testing and Quality Assurance

Work Experience

Desktop IT Technician

July 2018- Sept 2018

Sutter Health, San Francisco

- Resolved hardware and software based issues quickly for continued service and operation.
- Responsible for first level problem resolution for system-wide PC hardware, software, and LAN interfaces.
- Created documentation for operating standards to ensure streamlined efficiency.
- Educated less tech-savvy users on proper system use and maintenance.
- Remotely assist clients on a regular basis.

Associate Trainer

Aug 2014 - Sept 2017

Panera Bread, Fremont

- Guided and educated new associates on cafe policies and standards.
- Delivered on customer service expectations and improved team morale.
- Trained new associates in all roles for greater cafe efficiency.
